EXHIBITORS TESTIMONIALS

➤ ID3 TECHNOLOGIES

"The combination of business meetings and a traditional trade show encourages contacts! Year after year, the organizing team knows how to listen to its customers and proposes a renewed offer with new clients and new sectors of activity. We come back next year with great pleasure! »

➤ COMP'IT DISTRIBUTION

"Security & Safety meetings is a trade fair with a very interesting concept that allows you to have real qualitative meetings with prospects or customers. The number of meetings validated by the chosen formula is not restrictive, as it is possible to have many other meetings on the stand, VIP lunches and during the evenings organized."

➤ GROUPE BSL SECURITE ET SERVICES

"Trade show organized by the line with a perfect qualification of appointments. »

➤ 4G TECHNOLOGY

"Trade show in a very pleasant setting, conducive to creating a quality relationship with professional and available decision-makers. Team listening to exhibitors, smiling and very responsive for the organization of meetings. Quality monitoring without the need to restart. Very well organized evenings and in a very friendly setting at the opening and closing of the show."

➤ SSI SERVICE

"This trade show is effective thanks to its format: targeted and chosen meetings in a pleasant setting to discover new prospects and make themselves known. It is one of the few events that we have renewed every year for the past three years... »

➤ AXIOME CONCEPT

"Security & Safety Meetings is a highly qualified exhibition that allows you to get in touch with Top Decision Makers who have real projects... »

➤ CARADONNA S.F.C

"The principle of "speed dating" is really a positive idea insofar as it is necessary to meet as many interested people as possible in a minimum of time. The confidential and professional club aspect persists, despite a size that is clearly increasing... which is a real positive point that sets it apart. »

➤ IDS SURETE

"A big thank you to the Weyou team for the organization and its reactivity. Quality appointments follow one another at a steady pace over the 2 days. Very good living room and very good welcome. »

➤ E*MESSAGE

"Quality appointments with qualified profiles. A well organized event in advance. A team that is always efficient and available. »
