

REVIEW

THIRD EDITION

TRANSPORTS & LOGISTICS MEETINGS

TRANSPORT • LOGISTIQUE • SUPPLY CHAIN • INTRALOGISTIQUE

24, 25 & 26 NOV. 2020

Palais des Festivals et des Congrès de Cannes

4th EDITION

700 PARTICIPANT

TRANSPORTS & LOGISTICS MEETINGS

ON THE WAY TO SUCCESS!

- Building on the success of this third edition, the fourth edition is still shaping up to be a must-attend event.
- More than 70% of exhibitors have already renewed their confidence in us, and word of mouth, which is already very active, is already helping to awaken and solicit very high-level buyers.
- From this third edition, discover their exhibitor's testimonials on pages 13.

- **TRANSPORTS & LOGISTICS MEETINGS** is a 100% business event dedicated to Logistics, Transport, Supply Chain and Intralogistics Managers.
- The main goal is to promote direct “face to face” meetings between Top Decision-makers and Exhibitors through pre-organised and highly qualified meetings prior to the event in a relaxed and warm atmosphere.

As a crossroads for privileged exchanges, an instant business platform,
Transports & Logistics Meetings is an effective lever for the development of your business.

En 2020, 3 evenings:

- ✓ 1 Opening Cocktail on Tuesday 24th of november 2020
- ✓ 1 free evening on Wednesday 25th of november 2020 to invite clients

Do you plan to work with some of the service providers you met at the show?

Would you be interested in meeting exhibiting companies from the international market?

EXHIBITORS TESTIMONIALS

❖ **MEHDI BOUDJEMAI, COURISER.FR**

« Best lived formula to date for a salon. »

❖ **LAURENT UVO, UVO TECHNOLOGIES**

« A meeting concept that is still unique for the moment in the world of logistics. The appointments work well in their current concept. The Weyou team makes sure that there is always an appointment on the stand. Top service. »

❖ **LINA ZARROUR, UVO TECHNOLOGIES**

« Organisers very present and available Good stand layout and visibility»

❖ **BRUNO BARBEY, SECURIRACK**

« For a first, I must say that it is a success in terms of quality of contact »

❖ **Logistic Manager, France Boissons**

« A quality event, very well organized. The system of appointments taken beforehand allows exhibitors and visitors alike to have qualitative appointments, and to 'lose less time' on the spot.»

❖ **Logistic Director, Prodition Demant Audika**

« A perfect organization for a very professional event in an exceptional setting, I recommend... »

❖ **Profil de flux, Habitat design International**

« The format of this trade fair is ideal to be able to talk about its essential issues directly with the right people. The meeting of more than 30 service providers (we were 2 from Habitat) could not have taken place without this show... or would have taken place in several months! I was able to discover service providers that I didn't know specifically, but who proved to be important partners, especially on certain BtoC transport and delivery issues. Although very dense, the planning allowed me to optimize the time of these 2 days. »

❖ **ALAIN COHEN, ALIS MYTOWER**

« Second participation and confirmation of the potential perceived last year. Congratulations to the organizers. Please, don't drop anything on the quality of the top decision-makers. It is the quality of the top decision-makers that must also make the quality of the representatives among the exhibitors and therefore the ability to find opportunities on both sides. »

❖ **NAWEL BEKKAYE, BOA CONCEPT**

« A very well organized show, responsive teams, quality meetings and a pleasant setting. »

❖ **VERONIQUE HERBON, AGEDISS**

« It was a first for Agediss to take part in this exhibition, and it won't be the last one ! Congratulations to the whole team for the organization and the quality of the business meetings. / last customer left at 8pm from the stand ... full success ! »

❖ **Supply Chain Director, Hyphen Biomed**

« This event is a concentrate of potential contacts and news on logistics innovations. It provides an enlightened view of developments in several logistics fields. »

❖ **Floor Manager, Dominos Pizza France**

« This event is a very good compromise between the traditional show and speed dating: time is optimized for everyone. The framework and the side events crown the whole to allow for more exchanges. »

❖ **Logistic Director, VELUX**

« Transports & Logistics Meetings allows me to meet selected professionals: more than 20 meetings in 2 days and very good exchanges to answer my current projects. »
